

TRAFALGAR INFANT SCHOOL

Charging for Activities Policy

In line with government guidance, Trafalgar Infant School does not charge for school-time activities, but we do invite parents to make a voluntary contribution.

Our activities and trips are supported by funds from the Parent Teacher Association and voluntary parental contributions.

We will ask parents to indicate their support and their willingness/ability to make a contribution at the planning stage of all such activities. It will be explained to parents at this stage that unless enough contributions are received the trip/visit may not go ahead.

The point will always be made that no child will be left out of an activity because his or her parents cannot or will not make a contribution.

The Parents/Carers of children who trigger the Pupil Premium Grant will not be asked for and will not be expected to pay for trips and visits. Pupil Premium Grant monies will be used to fund the cost.
